[illegible] establishment to be upon that foundation which
will be consistent with [illegible] permanent that there are
many, who, by neglecting a due attention to the divine
[illegible] by many [illegible] [illegible]
[illegible] we have comfort in believing, that there are others in
each meeting, who are [illegible] [illegible] to be "heirs of
God, for their portion, & the joy of heart, for the lot of their
inheritance." May these be encouraged to labor more
fervently for an advancement in the precious cause of truth
& righteousness; they will be enabled, both by example & precept, to
encourage their brethren to a faithful discharge of their
several duties — these of these, are a very important one, is
that of attending religious meetings, & daily we have to
record benevolent duties of every favour we enjoy, both in a
spiritual & temporal nature. How can we expect the
continuation of his favours, if we do not feel due grat-
itude & be willing to bear a public testimony to his name
by attending with his people to render that homage &
adoration which is due to him. We have been sorrowfully
affected with the consideration that many departed this
life in various calamities & various parts of the
earth; some of which have nearly approached our borders;
& that from the prevailing commotions that appear to
agitate the councils of nations, others may be fearfully ap-
prehended. We feel inclined to communicate to you some
[illegible] upon this subject from our brethren at their
[illegible] meeting at Philadelphia, & their [illegible]
"Desirous at the present solemn moment fully [illegible]
testimony we bear against war and fightings in every
[illegible] [illegible] only as it relates to ourselves
& our society, but also as it regards the good [illegible]
of mankind; it has appeared [illegible] to address you on
this very interesting subject. We, for a special season,
were deeply impressed [illegible] many others who [illegible]
the name of Christ, & of their purpose to [illegible]

might witness forth by their consistent moral conduct, the redeeming power of the Gospel of truth, we are placed in a very responsible situation; & to fulfil the duties thereof, we must carefully attend to the charge of our divine Lord, "What I say unto you I say unto all, Watch" — Often, & more particularly watchful to the assistance of the Holy Spirit, are those enabled to do the divine will; & under the exercise thereof, we cannot expect to be exempted from the cross, nor will it be possible to manifest in life & practice that nothing can separate from the love of God, which stands in opposition to the pernicious practices of society; by the testimony of those who have been instructed & disciplined, we find they could rejoice that they were counted worthy to suffer for their names sake; & that all the while, & wherever they were gathered & assembled by the Spirit, all worldly views & motives were laid aside, & a state of watchfulness & recovery felt & known, & individuals followers, abiding in the meekness & gentleness of their heavenly patterns Lives, the Lives of their lives & doctrines bore a constant & fervent testimony against the corruptions consequent upon the inventions of the fallen will & wisdom of man. The apostle James more than forty years after his master — "From whence come wars & fightings? Come they not hence, even of your lusts?" Among our worthy predecessors there were many witnesses to the truth of these testimonies of the apostle, very sensibly that that courage of undertaking was not only produced by a superficial conformity to fallen nature, more frequently required to be held up in the light of the gospel of an inflexible spirit, & the only means whereby we might individually experience the blessings of the Messiah's ministry, was by thereby circumscribing our feelings, & denying of that day spoken of by the prophet

Isaiah & Micah, when nation should not lift up sword against nation, nor the people learn war any more, & they sitting down every man under his vine & under his fig tree with none to make them afraid, that they are walking by the same rule & minding the same thing; then strength will be increased to keep upon the immortal foundation the ancient testimony, that "Zion shall not be built up but in peace & righteousness."

In the present agitation of the public mind, when the peace & prosperity of our country, the calamities & horrors of war, appear to be suspended, as it were, in an even ballance, & highly behoves us as a people, to be particularly on our guard against the undermining nature of the spirit of party: & if any, upon a mistaken representation, discern that power this or any other cause, or however unintentionally, they have given their weight, however small, in the ballance against our peaceable profession & testimony, we tenderly & affectionately entreat them to make a solemn pause, & behold, dear young friends, we wish it were possible to convey to your minds a sense of the fervent solicitude we feel on your account; for you our petitions are frequently offered, that you may become deeply sensible of the excellency of a life of virtue & piety, & unalterably to keep the ark within — "Let others do as they may, as for me, I will serve the Lord." We are very sensible that the adversary of souls, & many false teachers are continually hunting your path; we tenderly sympathize with you herein, and those are who would willingly be led into suffering for you, could it effect your emancipation from every hurtful bondage. But as you are disposed to seek after Divine assistance, you will experience an overcoming; and we trust there are many amongst you who will yet witness that the testimonies given us to bear are dear to them. The time will soon arrive when their support will depend upon you; and let us entreat you to consider

trial by living conformably to the pure precepts of christianity you will appear amongst men with that dignity of character, which no qualification & endowment of them can confer, & will enjoy that happiness which can be derived from no other source, even the happiness resulting from a life useful to your contemporaries and acceptable in the divine sight.
In the love of the gospel we salute you and are your friends Signed on behalf of the meeting by Samuel Rodman Clerk this year.

To Uxbridge monthly meeting of friends to be holden in the 5th mo. 1813 Dear friends having too much disregarded the dictates of truth in my mind, & depending too much upon my own strength for the rectitude of my conduct have been left in an

ungarded hours to give way to incontinency; for which transgression I think I am very sensible of the reproach it has brought upon the truth, & society as well as my self, & brought a burden upon my much beloved parents, & family for all which I have gone through a scene of sore conflict and deep sorrow of heart, even, hoping I have sincerely repented therefor, & now as my much injured & grieved parents have gratefully forgiven me, so I humbly crave you my friends to do the same & continue me a member, hoping for the future I may so conduct as to give you satisfaction & bring peace to my own mind. —

Jacob Abbott

To the Monthly meeting to be held at Uxbridge in the 4th mo in 1816. Beloved friends these lines are to inform you that for some considerable time I have felt desireous to make satisfaction for my misconduct so as to become a member in unity with you again, I acknowledge that in my youthful days I did not see the necessity to live a religious life & giving way to my natural inclination & propensities I deviated from the wholsome rules & orders of your society in several things in particular in gambling & associating with unprofitable company the which I now condemn & ask you my friends to pass them by & recieve this for satisfaction from your friend &c.

Israel Harris

Whereas Jabez Green hath had a right of membership in our religious society but deviating from our principles in several respects particularly in dress & address & also attending training as a soldier & also consumated marriage out of the unity of friends for all which he hath been laboured with by his friends to bring him to a sense of his transgression it not having the desired effect we therefore disown unity with him as a member until he makes satisfaction to the same which we desire he may. given forth by order of the Monthly meeting of friends held at Uxbridge the 26th day of the 1st mo. 1816 - signed by order of the above mentioned meeting by

Jonathan W. Shaw Clerk

Our beloved friend Avis Keen in a solid manner spread before this meeting a concern which for a considerable time has attended her mind to make a religious visit to friends & others in the eastern part of Rhode-Island Quarterly Meeting which claimed our near sympathy & unity with her therein She being a minister in good esteem with us, is left at liberty to pursue her prospect as way may open. We recommend her to the notice & regard of friends where her lot may be cast with desires for her preservation & safe return when her service is accomplished

To the Monthly meeting of friends at Uxbridge Dear
friends Whereas a complaint hath entered the meeting
against me for keeping company with a girl not of
our society in an unbecoming manner & the unnecessary
of spirits, since when your com^tee I shewed the complaint
to me I considered myself clear but on hearing the over com
explain their meaning it seems to be for keeping house &c
instead of keeping company as to this I hired a girl not of
our society to keep house for me a spell, some time prior to
the complaint which way of living I do not like nor
justify at the time or now & am willing openly to condemn
the same because I have found it gave rise to conjectures
surmises & accusations which if true would have been un-
becoming I with friends would pass it by, hoping to be more
careful for the future as to the other parts of the complaint
as expressed or explained I feel myself clear although being
been unwell have had occasion to use considerable spirituous

Extracts from the report of the boarding school committee presented at the Yearly Meeting 6th mo 1825.

The Yearly Meeting Boarding School Committee report,

That they have given attention during the past year to the concerns of the institution, and feel a degree of satisfaction in being enabled to state, that the prospect of its usefulness to the children and youth of the society continues to be encouraging.

The school, continued under the charge of Enoch and Lydia Brown as superintendents assisted by Isaiah Jones David Daniel, Samuel B Tobey Abigail Pierce, Mary Beedy and Sarah Pearl as instructors. The average number of scholars for the year past has been one hundred and three. The health, order, harmony and tuition with the exception of the fever, continue to merit the approbation

It is again concluded again to admit one child from each Monthly Meeting six months or two children three months each free of expense provided provided their term be taken, limited within the succeeding the Yearly Meeting

The number of children at the school have so increased at the commencement of the present year that the Committee thought it necessary for their convenient and healthful accommodation and that of the family, that the building should be enlarged by an addition of about forty feet square to each wing and as it appeared desirable that the work should be commenced previous to the

time of the Yearly Meeting they with the advice the Meeting for Sufferings have contracted to have such deductions made and they are now in progress. —

It is concluded by the Committee that children of this Yearly Meeting who are members of society continue to be rated for the Support of Schools, as heretofore, and that those children or grand children of members of ~~society~~ who are under the care of friends of the yearly meeting for the circumstances of the school ~~present~~ part of their time received at ~~the~~ either of twenty dollars per quarter; and that ~~the~~ should it be thought best to extend to accept any others that they be rated at twenty five dollars per quarter

Minutes of the Boarding school Committee

(approved by the yearly Meeting 6th mo. 1825)

The school Committee in the discharge of the important trust confided to them by the yearly Meeting, have found it necessary from time to time to recur to the great object, which the yearly Meeting itself, as well as the Friends who have contributed to the funds of the institution, have had in view in the establishment of the school, & which they think cannot be better expressed than in the language which accompanies the bequest of one of its early friends & most liberal benefactors; that our children & youth "may receive a religious guarded education, free from the contaminating influence of the vain fashionable world, which leads young minds from the simplicity of truth, & that meek & quiet spirit exhibited by our blessed Lord and Saviour Jesus Christ whom we profess to follow."

It was in accordance with such views that the Committee were induced in the 2nd month 1819 soon after the school was in operation to forward the following minute to the several monthly Meetings & which in 1821 was again sent down under the sanction of the yearly Meeting viz. ——— "It has appeared necessary from experience derived since the opening of the institution that more general circumspection should be extended in sending children to the school conformable to the recommendation in the printed circular of the 12th month last. — and to preserve the order necessary to carry the object of the yearly Meeting into more complete effect, it is recommended that each monthly Meeting appoint a few suitable friends to whom application may be made by parents or guardians of children who are desirous of placing them at the school; that the friends so appointed, consider it their duty not only to enjoin that the children come in a plain dress & in the use of the plain scripture language, but they are of good habits; and that they give a few lines to that import, for the information of the superintendants & instructors at the school. ———

The Committee now feel it to be their duty to recommend to the monthly Meetings a greater extension of care to these objects & that the appointment of such Committees be revived by them, to act in connection with the members of this Com.tee if any who reside within the limits of each monthly meet.g

And as children have in several instances, been brought to the school without any recommendation or minute from the Committees of the monthly Meetings, and through an unwillingness to subject their parents or others to inconvenience have been admitted notwithstanding; — It is now concluded after deliberately considering the subject, and with the preservation of right order & the good of the institution solely in view, that after a reasonable time for the circulation of this conclusion, the superintendants be instructed not to receive any children without such certificate. ———

In all cases of a doubtful nature that may come before them the Committees of the monthly Meetings are requested to make application (by letter addressed to the superintendant) to the acting Committee of the institution, which meets at the school house in Providence on the third day after the last fifth day in each month. ———

As a further means of promoting simplicity of manners & appearance among the children, & to prevent the injurious effects of a contrary example, the Superintendants are authorized to direct, that such apparel of the children brought with them, that is deemed inconsistent with the plainness that truth leads into, be laid aside during their residence at the school, or the necessary alterations made, and the expense charged. ———

At our Yearly Meeting of Friends for New-England on Rhode-Island, the 6th month, 1827,

The following report of the Boarding School Committee being read and considered, is approved, and the Clerk is directed to forward copies thereof to our several Monthly Meetings, that it may be transmitted by them to the several Monthly Meetings.

Signed by the Clerk, by said Meeting,

Abraham Shearman Jun.

The Yearly Meeting's Boarding School Committee report—

That they have given their attention to the concerns of the Institution, during the past year, and it is satisfactory to them to be able to state to the Yearly Meeting, that it continues to afford an encouraging prospect of usefulness to the Society.

The School is still under the charge of Enoch and Lydia Breed, as Superintendents; Sarah Jones, David Smith, Lewis Lowe, Abigail Jones and Mary Howe, are employed as teachers. The average number of scholars for the past year, has been one hundred and ten. Meetings for worship have been regularly held and have frequently been attended by some of the Committee. The family has been preserved in harmony, and the general conduct and improvement of the children has been satisfactory.

The account of the Treasurer of the School Fund has been received and examined. The weekly for board and tuition, together with the income of the fund have proved about equal to the expenditure; it is again concluded to admit one child from each Monthly Meeting six months, or two children three months each, free of expense provided their term be completed within the year succeeding the Yearly Meeting.

The Yearly Meeting having received the additional sum of fifty two thousand dollars, the annual income of which was bequeathed by our late friend Obadiah Brown

was instructed to propose to the Yearly Meeting, that children who are members of this Yearly Meeting be admitted after the first seventh month next, at fourteen years of age: and that the committee consider such surplus as may remain to be at their disposal, in aid of the charitable fund of the Institution, having a prudent regard to the present and probable expenses thereof. It is desirous that it may be generally understood and particularly by the committees of monthly meetings that all applications for the admission of children, who are not members of our Society, must be made to the acting Committee at Providence; and that all applications for the admission of boys who are members, if over the age of fourteen years, must be made to the same Committee (which meets at the School-house in Providence, on the third-day following the last fifth-day in each month) It is also their duty again to recommend to the attention of parents and others having the care of children, and to the Committees of Monthly Meetings, the previous advices of this Committee on the interesting subject of plainness and particularly the Minute accompanying our Report in 1825, which were printed and distributed by direction of the Yearly Meeting.

[illegible]

To our Quarterly & Monthly Meetings
[illegible] Friends

In contemplating the state of society as presented in the answers to the queries, a deep [illegible] was felt on this occasion on account of the many [illegible] which this brought to view and [illegible] and feeling counsel and advice, and to the expression of an ardent [illegible] for the removal of things that stand in the way of the advancement as a living [illegible] and it was thought right that an endeavour be made to convey to our absent Brethren some account of this and other exercises as friends have been [illegible] at this season as might tend them to participate [illegible] to stimulate [illegible] the hands of the well concerned [illegible] among them in the church & to awaken the careless and [illegible] to a sense of their danger. We have on this, as on former occasions, been sensibly affected to see the great neglect of our religious Meetings (and particularly those held in the middle of the week) which is apparent in many of our members and we would affectionately [illegible] inquire of such as thus refuse to attend to this reasonable service a small proportion of that time for which they are indebted to the Lord and many of them [illegible] Parents Rights (for preserving their rights a time will be [illegible] when [illegible] unto time for the renewal of their strength as they [illegible] to [illegible]

more called upon to give an account of their stewardship when time to them is no longer allotted as a state of probation to lay down their mortal in peace.

By more frequent perusal of the holy scriptures and prayerful and reverent reading them we perceive in a greater degree daily living & divine instruction therein whose inspiration has given rule was & is profitable unto us and a lively testimony borne to the efficacy of this gracious privilege sustaining and comforting the mind during the various avocations and trials of the day.

Although exercise was felt on account of the dissemination and perusal of the pernicious and hurtful publications of the present time, which we believe cannot be more unobjectionable employed to our eternal welfare than in the language of the disciple of this yearly meeting

We earnestly exhort all present friends of Jesus and Guardians of youth that we may as we value his favor and all these and their care and diligence from shunning and reading books and papers tending to prejudice the profession of the christian religion to create the least doubt concerning the authenticity of the holy scriptures or of those saving truths declared therein but their infant and tender minds should be preserved through and by foundation laid for the greatest evils — And friends desire to be careful in the way they treat their children and families read among them as many under the specious title of promoting religion and morality must contain sentiments repugnant to the truth as in Christ Jesus

And as nearly connected with this interesting subject the more guarded education of the children and youth of the society was so highly recommended to our consideration that their tender and susceptible minds may be preserved from the contaminating influence of improper examples and associations not only leading them off from the simplicity of the truth and a submission to the cross in deeds and address and from a support of our testimonies against the vain amusements of the world but in many instances opening the way for the unfruitful vexations in marriage and a fervent desire was expressed that parents and others entrusted with the care of youth may more and more become sensible of the great responsibility of the charge committed to them and labour after a right qualification to discharge the trust in the sight of him to whom they must give an account.

We have at this as at other times painfully grieved by the consideration that some of our members continue to indulge themselves in the improper use of ardent spirits, a practice peculiarly reproachful to us who profess in this respect a high and holy standard to others and peculiarly so at a time when the subject has engaged the attention of others and particularly at a time when the subject has engaged the attention of other religious societies who are making unceasing efforts to discountenance this great evil and we entreat of you our members not to relax in your endeavours to maintain that testimony which has been borne and moved by how many sensible that a departure

individual engagement of mind, a more fervent labour for that bread which perisheth not, is too much wanting amongst us; but we have been encouraged that there are those still remaining in the various classes of society, the aged, the middle aged, and the youth, in whom a heartfelt exercise for their own preservation and for the promotion of the cause of Truth, is lovingly maintained: and as those continue to look to the Giver of every good and perfect gift, for direction and guidence in their humble endeavours we are made thankful in believing that a blessing will attend their efforts for the removal of hurtful things from within our borders. A more particular attention to answering the queries in a full and explicit manner as directed by the Discipline, is recommended to and enjoined upon all our subordinate meetings.

At a New England Yearly Meeting of Friends for New England held on Rhode Island from the 13th to the 18, inclusive, of the sixth month, 1830.

The following Report of the Boarding School Committee was received and read, and being satisfactory to this Meeting, copies thereof were directed to be forwarded to our several Quarterly and Monthly Meetings.

To the Yearly Meeting.

The Boarding School Committee report, That they have during the past year endeavoured to promote the objects confided to their care by the Yearly Meeting in the superintendence of the Institution, and are thankful in being able to state that its various concerns have conducted in a good degree in accordance with the designs of Friends in its establishment. Meetings for worship have been regularly kept up, and the family preserved in harmony.

The School is continued under the immediate charge of Enoch and Lydia Reed as superintendents in which they have the assistance of Stephen and Hannah Gould. — Benjamin B. Hussey, Moses Mitchell, Joseph Hoag, Deborah Hunsdell, Lydia B. Allen and Sarah Smith have been employed as Teachers during most the past year, with the exception of Benjamin B. Hussey, whose state of health was such in the autumn, as to render it necessary for him to retire from the School. During his absence Joseph Healey was employed as an Associate Teacher. Benjamin B. Hussey is again about to resume the discharge of his former duties; and Moses A Carthaud has been recently engaged as an Assistant in the Boys department, and Phebe Burgess in the Girls.

The average number of Scholars during the past year has been one hundred and twenty seven.

The accounts of the Treasurer of the School Fund and of the Superintendents have been received and audited, and the state of the Fund continues to be such as to induce the Committee to propose that Children who are members of this Yearly Meeting, continue to be admitted at twelve and a half dollars per quarter; and that the privilege of sending Children free of expence be continued as last year.

The committee being clearly of the opinion, that Children would receive much greater benefit by being sent to the School for a term of time not less than six months, Friends and Monthly Meetings are therefore advised not to send them for a shorter space of time; when it can be conveniently avoided. Friends are also advised not send Boys over the age of fourteen years to the School, unless they have first obtained the approbation of the School Committee, which meets Providence the third day after the last fifth day in each month.

On Behalf of the Committee

Moses Brown
Mary B. Allen

Providence, 5 mo. 7, 1830

At the Yearly Meeting aforesaid.

In, "A Declaration of the Sentiments of the Society of Friends on the American Continent," prepared by the General Committee, composed of Committees from all the Yearly Meetings in America, which embraces England, this instant, which

was read before our Meeting of Men and Women Friends collectively assembled, and being deliberately considered was, cordially, unitedly and fully approved, as embracing a concise declaration of the doctrines and testimonies which have always been held by our Society. This Document having now been approved by all the Yearly Meetings of Friends in this country, the Clerks was directed to annex this minute, in the extracts to be sent down, that the necessary arrangements have been made for printing it, and that the several Quarterly Meetings will be supplied by the Meeting for Sufferings with a sufficient number of copies to furnish one to each family of Friends within their respective limits.

The subject of marrying within the degrees prohibited by Affinity having been brought under the notice of this Meeting, it was solidly and deliberately considered; and it is concluded that the construction of our Yearly Meeting as heretofore defined in the year 1775 [namely, That our members being not allowed to marry a deceased wife's sister or a deceased husband's brother] shall hereafter be considered as the construction to be given to our present Discipline.

The Clerk is directed to forward copies of this Minute to our several Quarterly and Monthly Meetings, to be inserted in their Books of Discipline in their respective possession.

At our Yearly Meeting for New England held in the Sixth mo. 1850.

During the consideration of the State of the Society, as presented by the answers to the queries, much pertinent and feeling counsel and advice was freely offered. We were impressively reminded, that love to God is the foundation of love to the brethren, and where this love pervades the mind, there will be no neglect of the important duty of assembling ourselves together for the purpose of worshipping Him, from whom all our blessings, and who calls for this as a reasonable service at our hands; and that dwelling on this love, we should be favoured to witness preservation from that estrangement of feeling towards our brethren, which once entering, as plainly the human mind, and being there cherished, has led step by step to the most awful and desolating consequences. We were at the same time emphatically reminded of the more subtle transformations of the enemy of all good in his appearances as an angel of light, and faithfully admonished of imminent danger to those who should hearken to his evil insinuations; from which increased watchfulness, humility and deadedication, communion preserve us. The subject of plainness of apparel and deportment was feelingly adverted to, as not only consistent with our profession, and right in itself, but as a means of preservation from many profitable associations, leading from the simplicity of the Truth into the spirit and maxims of the world, and the contaminating influences of fashionable life. It was advertised to as manifesting in the youth, not only an

vidence of the care, on the one hand, of a parent, concerned to promote the best interests of his beloved children, and on the other, of youthful obedience and regard to the feelings of such a parent, but as manifesting in many instances, the operation of divine grace on the heart, leading to its adoption from principle. Parents were fervently entreated not to relax in the exercise of a watchful care in this and other respects, but to seek for that qualification which will increasingly enable them to take the children by the hand, and in the impressive language of example as well as precept, call upon them, to follow them as they are endeavouring to follow Christ. That thus they may grow up as tender plants, and that instead of the fathers there may be the sons, mightily prepared to take their places, in a faithful discharge of the important duties that must ere long devolve upon them.— The advantages of an early and well continued acquaintance with the Holy Scriptures, by a diligent and attentive perusal of them was feelingly dwelt upon.— We were also forcibly reminded of the importance of a faithful maintenance of our testimony in regard to the use of spirituous liquors, particularly at a time when the public mind is becoming so fully convinced on this subject— and of bearing a faithful testimony to our belief in the peaceable nature of the Redeemer's kingdom, and against the spirit of war. On the latter subject a feeling appeal was made to our members in the younger walks of life, to evince their gratitude for the favours which are extended to them in an exemption from the burthen of military services, by great circumspection in giving no just reason to any to call in question the sincerity of their profession, by being present as spectators at military or other such parades; but that in all their conduct, they may shew to others, that they are indeed "conscientiously scrupulous of bearing arms," and thus become qualified to advance the cause of Truth and Peace on the earth.— Which being in unison with the concern of this Meeting, the Clerk was directed to forward transcripts of this minute to our several Quarterly Meetings.

We are informed by our Western Yearly Meeting, that the following Friends are appointed Correspondents, for the purpose of communicating Certificates on the place of Friends deceased viz:

James Birdsall, of Marlborough Mo: Meeting, Cornwall Quarterly Meeting— address, New burgh, Orange Co: N. Y.

David Wheeler, of East Hoosack Mo: Meeting, Easton Quarterly Meeting— address, South Adams, Berkshire Co: Mass.

James Robson, of Hartland Mo: Meeting, Farmington Quarterly Meeting— address, Johnsons Creek, Niagara Co: N. Y.

——— By Baltimore Yearly Meeting, that it has appointed,

Nottingham and Little Britain Mo: Meeting, Thomas Wilson, Joseph Watson Jr.

as correspondents in addition to those appointed last year. one of whom is to sign in addition to the usual signatures of the Clerks. all minutes and certificates issued by their Monthly or Quarterly Meetings for members or ministers of our religious Society.

Our Quarterly Meetings are requested to acknowledge in their accounts to the Yearly Meeting. the receipt and disposition made of minutes and papers transmitted to them by its direction.

It was concluded to raise eight hundred dollars for the service of the ensuing year. and the several Quarterly Meetings were requested to forward their respective proportions of that sum to our Treasurer.
